

Atrium European Real Estate Limited

Update to Recommended Cash Acquisition by Scheme of Arrangement and Go-Shop process

Jersey, 11 September 2019 – On 23 July 2019, Atrium European Real Estate Limited (VSE/Euronext: ATRS) (“**Atrium**” or the “**Company**”), a leading owner, operator and developer of shopping centres and retail real estate in Central Europe, announced that the Independent Committee of the Board of Directors of Atrium had reached an agreement with Nb (2019) B.V. (“**Bidco**”), which is an indirect wholly-owned subsidiary of Gazit-Globe Ltd (“**Gazit**”), on the terms and conditions of a recommended all cash acquisition (the “**Acquisition**”) of the entire issued, and to be issued ordinary share capital of Atrium that is not already owned directly or indirectly by Gazit or its subsidiaries Gazit Gaia Limited (“**Gaia**”) and Gazit Midas Limited (“**Midas**”), Gazit and its subsidiaries together (the “**Gazit Group**”). As at the date of such announcement, the Gazit Group owned approximately 60.1% of Atrium’s issued share capital.

On behalf of the Independent Committee of the Board of Directors of Atrium, the financial and legal advisers (the “**Advisers**”) conducted a disciplined and independent process intended to ensure the best outcome for all shareholders. Importantly, a thorough “Go-Shop” process was included to provide a real opportunity to determine if there are any third party bona fide proposals superior to the present offer to Atrium’s shareholders of €3.75 per share in cash (the “**Offer Price**”) from Gazit. As part of this “Go-Shop” process, beginning on 23 July 2019, the Advisers contacted 35 potential investors, including 10 strategic and 25 financial investors that they believe were capable of acquiring Atrium and supplied them with information on the opportunity. Of the 35 potential investors contacted, 29 have existing real estate exposure to the CEE region. The Advisers had numerous follow-up calls and meetings with 21 investors that had expressed an interest to learn more about the opportunity. Five investors that expressed continued interest in evaluating the Atrium opportunity under the “Go-Shop” process devoted time and resources, including a number of them undertaking asset-level underwriting analysis, however all of them declined interest and no offers were received.

Therefore, as of 10 September 2019, the Independent Committee of the Board of Directors of Atrium is able to inform the minority shareholders of Atrium that no superior offer has been received.

The Independent Committee of the Board of Directors of Atrium therefore continues to recommend the Gazit Offer to Atrium’s minority shareholders on the basis of:

- The Offer Price represents a premium of 18.3% and 18.0% to both the closing price of 22 July 2019 (€3.17) and the volume-weighted average price for each Atrium Share for the one-month period ended on that same date (€3.18).

- Furthermore, the Offer Price reflects a premium to Atrium's peers¹ on 2019 Estimated dividend yield,² with a c.7.3% 2019 Estimated Offer Price implied dividend yield vs. peer average of c.8.5%; and
- Additionally, since the announcement of the Acquisition the EPRA Nareit Developed Europe Retail index has declined by 6.7%, providing additional perspective on the attractiveness of the premium (for a minority equity stake) offered to Atrium's shareholders.

Ahead of the publication of the Scheme Circular in October 2019 and subsequent shareholder vote, the Independent Committee of the Board of Directors of Atrium continues to invite minority shareholders wishing to ask additional questions not covered in the regularly updated FAQ, which is available to view at www.aere.com, to engage with them or to provide further feedback and to do so by using the contact details below.
